THAT SWIMMING POOL.

The Y. M. C. A. working force is engaged in a Herculean effort to raise \$5,000 with which to build a large swimming pool in connection with the Y. M. C. A. This is a laudable undertaking, and the pool should be forthcoming. We have been figuring on the matter some, and what at first looked to us to be a rather stupendous subscription undertaking has now come to look very reasonable. The idea is this, if the membership of the association really want such a pool they are fully able to build it. The association has a membership of something near four hundred, as we understand it, and if every member will give say \$5.00, payable in installments why the trick is done, and the pool is assured. Conceding that some members will not give, the outside contributions added to the membership contributions should still guarantee the results.

The Herald would like to see the major portion of the fund come directly from the Y. M. C. A. membership, for there is a virtue in the fact of a fellow first helping himself. Other people are then more inclined to come across and help.

The Anderson county potato growers are now digging the crop, and it is a good one. The prices so far are good, and the outlook is good for fair profits.

It is timely that a revival should be started in this good old town, for assuredly there are some men here who need to go to church constantly and to pray without ceasing.

It is now intimated that since the "vindication" of Bailey, Pierce may be induced to come to Texas without further persuasion. Nit. But let him come; perhaps after his trial Texas

democrats may know more than they now know.

The primary vote took a peculiar turn in this county. Bailey was the only man on his ticket to make the landing, the other seven successful men being on the anti ticket. That gives the anti ticket seven-eighths of the victory. Still the Bailey people claim the county.

As an indication of how few democrats participated in the primary Saturday it is asserted that Bexar county has ten thousand qualified voters, while only thirty-five hundred voted. Thousands of democrats failed to either condemn or endorse Bailey in the Saturday primary.

Rev. George Stuart is making a series of ten speeches in Texas in favor of state prohibition, and says he is going to wake the people up along this line. It is understood he will come to Palestine to make one of his speeches. This question is coming up in due season. That seems to be a settled fact.

The county democratic convention was absolutely controlled by the Bailey men, and yet not a word in the resolutions endorsing Bailey's policies. Neither did the convention say what it thought of a public servant taking fees from trusts and corporations. Gentlemen, there seems to be some unfinished business yet.

A Palestine citizen who was on the anti side, and who is theoretically supposed to be headed for the gulf, says in view of the fact that the majority for Bailey was so small the minority should be granted the request to have the water warm and towels furnished. If the majority continues to "swunk up" soap should also be included.

Some great developments are hinted at for the state campaign. One rumor says Campbell will have an opponent in Judge Poindexter, but the Herald is betting little apples against coconuts that Poindexter is not in a thousand miles of the notion to run for governor this year. Another rumor is that Wynne is to be pulled down and Brooks put up to go against Davidson. It is another safe bet that this will not happen. Brooks cannot carry half as many votes in Texas as Wynne and Wynne will not be able to carry half as many as he will need. Rumors are real interesting and furnish a topic to speculate on, but when the show-down comes these little by-plays are going to fade into obscurity.

POLITICS AND POLITICIANS.

Governor Hanly of Indiana has accepted the invitation to deliver the speech nominating Vice President Fairbanks for the presidency at the Chicago convention.

William H. Ryan of Chanute has announced his candidacy for the nomination for governor of Kansas on the democratic ticket. The principal plank of his platform will advocate the taxation of corporations to the same extent as the home and the farm.

M. Linn Bruce, who is regarded as a possible candidate for governor of New York on the republican ticket, is 47 years old and has been practicing law in New York City since 1889. He was lieutenant governor of New York in 1904-6 and before that he was a justice of the state supreme court.

Joseph P. Tracy, who may be the prohibition candidate for the presidency, is a railroader, who started with Theodore Shonts twenty-one years ago on the Indiana and Illinois railroad, and worked up to the position of general manager. He joined the prohibition party in 1896 and four years ago he founded the Lincoln Temperance movement.

THE PERCY WYNNE CASE

Personal Damage Suit, in Which the Defendant Gets Judgment For Fifteen Thousand.

In the district court yesterday in the case of Percy Wynne vs. the I. & G. N. railroad, the jury returned a verdict for the plaintiff and gave him damages for \$15,500. Mr. Wynne was an employee of the railroad company, and while on duty was the victim of an accident in which he lost his arm. He brought suit for damages with the above result. The Herald understands this is the largest damages ever awarded a man in the court here for the loss of an arm. Attorneys Campbell, Sevens, and Strickland represented the plaintiff.
